

EMERGENCY SERVICES

HIGHLY QUALIFIED RESPONSE TEAM

Our employees are trained for any emergency. Hire our staff to alleviate any safety concerns during a dangerous job. Rest assured we will do everything in our power to make sure no family is torn apart by tragedy.

We are experienced and highly trained in the transportation and industrial fields. Our team represents your interest and works diligently to safely and effectively protect you from liabilities. We utilize special monitoring equipment to guard our customer's interest through rapid assessment and deployment to contain and confine the emergency. We work with you and government interest to reach a positive outcome, finding avenues to save both lives and cost.

We offer the following services:

EMERGENCY RESPONSE PLANNING & ICS

Training your staff in the Incident Management System, a standardized nationwide recognized response coordination. 20+ years of critical incident coordination on staff.

PRE-FIRE PLANNING AND CONSULTING

Getting you prepared for your next incident small or large.
