Our Mission Statement

GryphonESP is an Oil Field Service company.

Our mission is to provide the best products and services to meet the stringent compliance and elevated safety requirements set by government regulations, and client and customer expectations. Primarily serving the energy community, we are capable of delivering health, safety, and environmental solutions to any industry.

Having GryphonESP on-site will drastically improve the protection of your employees from serious injuries or loss of life. We not only respond in case of emergency but we also have training programs that make your personnel aware of the inherent risks and how to avoid them along with OSHA and HAZMAT compliance programs.

Our motto are “Protecting What’s Important. When Minutes Count We Are Seconds Away.”

HIGH RISK PROTECTION

We are all about protecting staff in high-risk positions.

The oil and gas industry is the epitome of a dangerous job. Whether your concerns are for gas detection, fire safety, cooling or shower trailers, specialized safety personnel, training or medical services – we have everything you need for high risk safety.

SERVICES

ENTRY SUPERVISION

Accountability/Headcount Supervision

SITE SAFETY SUPERVISION

Security Guards and Safety Supervisors

TRAILERS

Shower Trailers, Cooling Trailers, Air Trailers, and various combinations.

GAS DETECTION

LEL, H2S, SO2, Portables or Fixed.

H2S TESTING

Pulling tubes or electronic testing.

CRITICAL HOT WORK/HOT TAP STANDBY AND PERMITTING

FIT TESTING

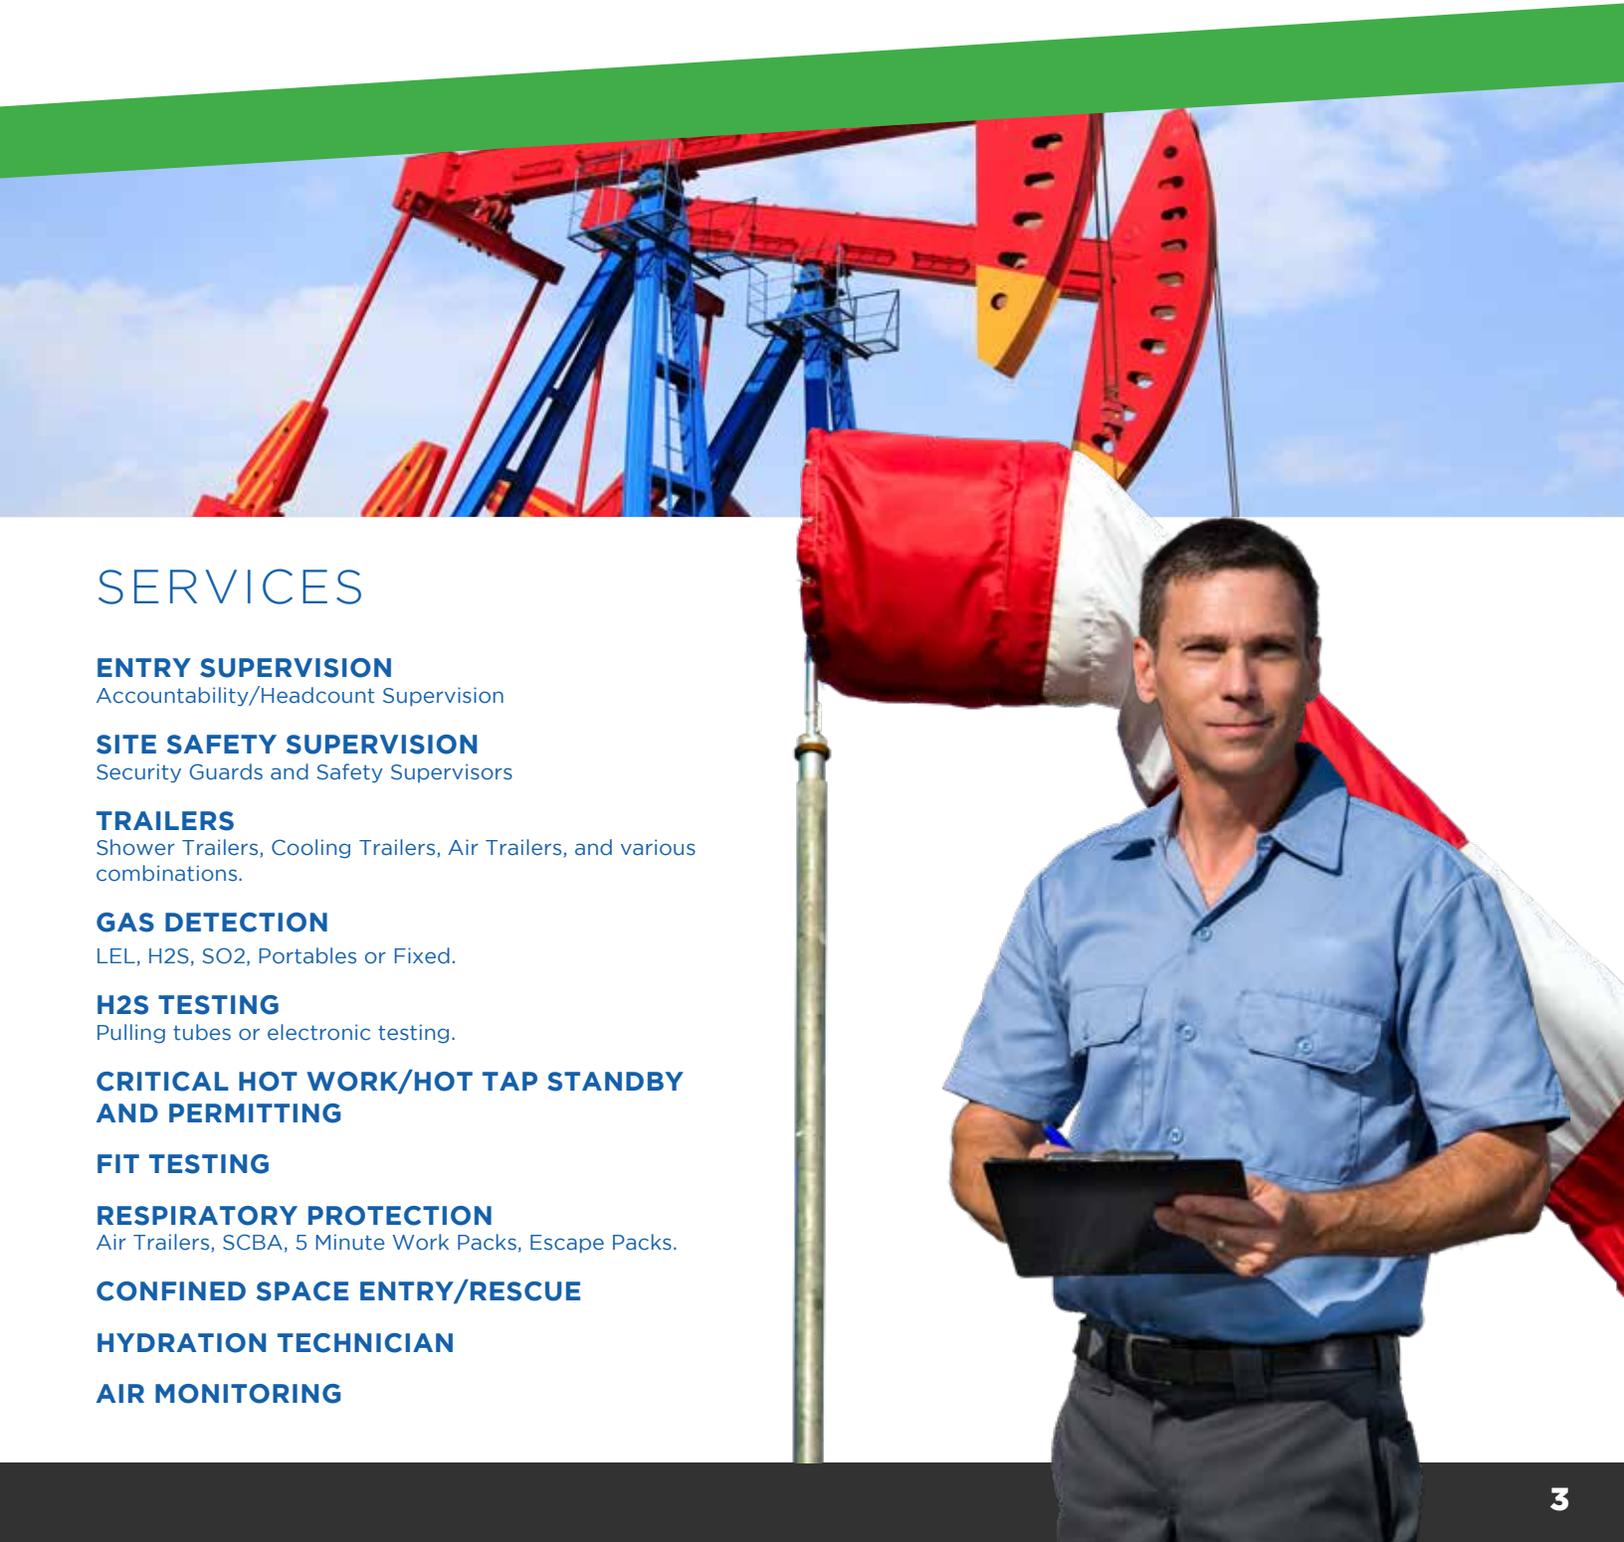

RESPIRATORY PROTECTION

Air Trailers, SCBA, 5 Minute Work Packs, Escape Packs.

CONFINED SPACE ENTRY/RESCUE

HYDRATION TECHNICIAN

AIR MONITORING

EMERGENCY SERVICES

HIGHLY QUALIFIED RESPONSE TEAM

We are experienced and highly trained in the transportation and industrial fields. Our team represents your interest and works diligently to safely and effectively protect you from liabilities.

We utilize special monitoring equipment to guard our customer's interest through rapid assessment and deployment to contain and confine the emergency. We work with you and government interest to reach a positive outcome, finding avenues to save both lives and cost.

WE DON'T GO HOME UNTIL THEY DO

Our employees are trained for any emergency. Hire our staff to alleviate any safety concerns during a dangerous job. Rest assured we will do everything in our power to make sure no family is torn apart by tragedy.

SERVICES

EMERGENCY RESPONSE PLANNING & ICS

Training your staff in the Incident Management System, a standardized nationwide recognized response coordination. 20+ years of critical incident coordination on staff.

PRE-FIRE PLANNING AND CONSULTING

Getting you prepared for your next incident small or large.

FIRE EXTINGUISHER TRAINING

We cover the ins-and-outs of fire extinguisher ownership and use.

RAPID RESPONSE FIRE TRAINING

FIRE SAFETY AWARENESS

EMERGENCY ACTION/RESPONSE PLANS

FRP'S - FACILITY RESPONSE PLANS

ON-SITE FIREFIGHTER SUPERVISION

An easy way to gain peace-of-mind knowing your staff will be in good hands if a fire were to start on site.

ON-SITE EMT/PARAMEDIC SUPERVISION

Nothing will alleviate a medical emergency faster than having EMT services on location.

HAZMAT EMERGENCY RESPONSE

Our team practices safe and proven methods of responding to and mitigating hazardous material emergencies. We handle your spills and coordinate clean ups.

CRITICAL HOT WORK/ HOT TAP STANDBY

Stand by with foam suppression unit or any fire equipment needed for the situation for your critical jobs.

COMPRESSED AIR FOAM SYSTEMS FIXED OR PORTABLE SALES, SERVICE, AND RENTALS

Compressed air foam systems on location with remote dump capabilities.

FIRE EXTINGUISHER SALES AND SERVICE

FIRE SUPPRESSION SYSTEMS

FIRES DON'T STAND A CHANCE

Compressed Air Foam Systems (CAFS) attacks all sides of the fire by smothering the fire with a "foam blanket" keeping the oxygen separated from the source and suppressing vapors. It also diminishes the heat by insulating the source thus preventing excess heat from adding to the fire. CAFS is 15 to 30 times more effective than water alone.

Have no fear, foam is here.

Our CAF Systems have 100' of hose plus 75' discharge range at 22gpm and come in a multitude of sizes. We use a multitude of foams including foams that are biodegradable and non-carcinogenic.

THE PEGASUS SERIES

Addresses all types of fires and fits in the back of one of our Kubotas. This option allows for a prompt response and easy maneuvering around locations. The Pegasus can take on a wide range of fires from incipient to fully involved hydrocarbon fueled fires. These units produce 1,200 gallons of finished foam.

THE SPHINX SERIES

Fits into the bed of our pickup losing some maneuverability but doubling the amount of foam available to suffocate a fire. These units produce 2,400 gallons of finished foam.

THE GRYPHON SERIES

A fixed unit used at Salt Water Disposal Wells as well as Tank Batteries. These units produce greater than 10,000 gallons of finished foam.

THE CENTAUR SERIES

A trailer mounted 250gpm fire pump with load on the fly capability that holds 250 gallons of water to mix with the foam as well as an inlet that can draft water from multiple sources.

TRAINING SERVICES

HANDS-ON LEARNING

Train with us and receive the most bang for your buck. Our classes focus on practical applications of the program, so our trainees leave with a full understanding of the dangers they will encounter on a daily basis.

**You have the need,
we have the class to fill it.**

If we don't offer courses you need, we will develop a customized class just for you. Our training staff combines years of petrochemical experience in HSE with academic knowledge and skills to deliver a groundbreaking course.

BASIC COURSES

- Back Safety
- Blood Borne Pathogens
- Drug & Alcohol Safety
- Electrical Safety
- GHS/Hazard Communication
- Hand Safety
- Housekeeping
- Incident Investigation / Worker's Comp
- JSA/JHA
- Lock-Out/Tag-Out
- Personal Protective Equipment
- Respiratory Safety
- Slip, Trip, & Fall (Working Surfaces)

TESTING

- Medical Evaluation
- Drug Testing
- Respirator Fit-Test

HYDROGEN SULFIDE (H2S)

- H2S Initial Course
- H2S Refresher Course
- H2S Man-Down Training Drills
- PEC H2S End User Training

HAZMAT

- HAZMAT Awareness
- HAZWOPER 8hr. / 24hr. / 40hr.

ACTIVE SHOOTER TRAINING

Active shooters are unpredictable and can strike anywhere. The only thing you can do is prepare yourself. Our class can train you or your staff on how to respond to an active shooter.

Run, Hide, or Fight?

There is no one answer to this dangerous situation. This course covers several different options depending on your whereabouts and the scenarios you may encounter.

SCAFFOLDING

Scaffold User Safety
Scaffold Builder + Competent Person

SAFE DRIVING

Flagger
Defensive Driving

FALL PROTECTION

Fall Protection
High Angle Rope Rescue

RIGGING

Rigging Safety
API RP-2D Rigging (Qualified Rigger)

FIRST AID

HSI Medic/First Aid, CPR, & AED

CONFINED SPACE

Confined Space Awareness
Confined Space Supervising
Confined Space Rescue

EQUIPMENT SAFETY

Aerial Lift Safety
Crane
Forklift
Backhoe
Trackhoe
Excavation/Trenching + Competent Person

TRADEMARKED

OSHA 10 / OSHA 30
PEC SafeLand / SafeGulf / Core
IADC Rig Pass
Orientation / Safety Meeting
ISNetworld Training

ABSOLUTE **SAFETY** IS OUR PRIORITY.

It's what we live by. We know the economic and emotional toll that comes with being unprepared when it matters most.

THE TOP BRANDS

We add new products regularly to make sure we offer the latest high-quality equipment.

PORTABLE GAS DETECTION

Gas Clip • BW • RAE Systems • Dräger

FIXED GAS DETECTION

RAE Systems • Buckeye* • Redline*

*Available with telemetry for satellite communications

RESPIRATORY PROTECTION

Dräger • Scott • 3M

FALL PROTECTION

DBI SALA • Miller

FIRE EXTINGUISHERS

Buckeye • Ansul • Amerimex

PERSONAL PROTECTIVE EQUIPMENT

Lapco • Ringers • Clutch • Edge • Nemesis • Crossfire
Ergodyne • Radians

SIGNAGE & LIGHTING

NMC • Bayco

MISCELLANEOUS

Yeti • Wilson Electronics • Pelican

YOUR SAFETY IN OUR HANDS

We can provide security services across the United States and internationally. We're available for long-term as well as immediate emergency services.

Utilizing the skills of some of the industries top talent and the best technology available, we can guarantee your satisfaction.

Our fundamental mission is to protect the life and property of the customers we serve in a manner consistent with the highest ideals within our industry and to take advantage of those skills we have acquired which will help us succeed in that endeavor.

We dedicate ourselves to providing unsurpassed, personalized, quality service. An important component to your overall package of services is security monitoring. We customize video monitoring to your specific requirements.

SERVICES

VIDEO SURVEILLANCE

Camera surveillance in crucial locations can not only catch dangerous/criminal activity in the act, it can be a deterrent.

MOBILE GUARD STATIONS

On location guard stations are a fantastic way to add another layer of security to your location.

HIGH SECURITY SPECIAL EVENT SCREENINGS

Our officers provide venues with high security checkpoints to enable more effective people screening.

SITE ASSESSMENT/RISK ANALYSIS

We combine cutting edge risk analysis techniques with an understanding of the complex nature of site security.

UNIFORMED ARMED SECURITY

For serious security threats, armed security can provide peace-of-mind that your workers are well protected.

ACTIVE SHOOTER DRILLS

Know the best way to react in the event that a fire arm is being shot in the vicinity.

INDUSTRIAL SERVICES

OUR EQUIPMENT AVAILABLE FOR RENT

We can provide you with hundreds of products to rent out for temporary short term use. We always have the latest and greatest equipment available so you get the most bang for your buck.

Our rental prices are low enough that we can assure you of this smart investment. Why keep an inventory of products that will need to be replaced or serviced over time anyway? Rent from us and we do all the legwork.

USED BY OUR OWN STAFF

Before you can save the lives of others, you must first protect yourself with firefighting equipment that gives you the confidence to concentrate on the task at hand - regardless of your mission. For over 5 years, customers all across the USA have trusted GryphonESP for reliable equipment, services, and training that are fit for purpose and based on real-world experiences.

RENTALS

LIGHT PLANTS

8KW light towers with 4 lights for low light working conditions.

GENERATORS

The ideal way to keep the lights on and the A/C flowing.

GATE GUARD SHACKS

This station features windows on all four sides, air conditioning, lights, 4 plug receptacle, interior work station, exterior metal decking with fold up stairs for easy transport.

SHOWER TRAILERS

Having a chemical shower on-site is ideal if your skin or clothes become contaminated.

EYEWASH STATION

Easy access to a flush wash in the event your eyes are irritated.

FLARES

Our mobile flares are very popular for their quick deployment.

PRESSURE WASHERS

Quick clean-up using a powerful surge of water.

TRAVEL TRAILERS

Jobs that aren't close to home require lodging, so why not make it close to work?

OFFICE TRAILERS

Keep your documents and schedules in order.

COOLING TRAILERS

Helps to prevent heat stroke.

SERVICES

RESTRAINTS

CONTAINMENT

GROUNDING

ROUSTABOUT

INDUSTRIAL PLANNING

CONSULTING SERVICES

EXPERIENCED PROFESSIONALS JUST FOR YOU

We provide consulting services to fit all your needs. We know that in today's market there is a need for qualified professionals that have the expertise to manage your project, what ever that project might be.

Our group of petroleum professionals have the most extensive knowledge in their respective fields. Our professionals have consulted on thousands of jobs all over the world.

DRILLING

- On-site Drilling Supervision
- Well design/Drilling Engineering
- Drilling Clerk
- Drilling performance Reviews

COMPLETIONS

- Frac
- Workover
- Re entry
- Completions engineer
- Conventional stimulation design
- Stimulation treatment design using Meyers or Frac Pro simulation software
- Unconventional stimulation design (slick water, hybrid and x link designs)
- On site QA.QC and stimulation execution
- Well performance reviews
- Reserve Analysis
- Stimulation design and execution training courses

PRODUCTION

- Facility Design and installation
- Facility Engineering
- Construction Consultant/Foreman
- Pipeline Design and implementation

SAFETY

- Site Safety supervisor
- Accident Investigation
- Expert Witness
- OSHA Star Programs
- OSHA pre-audit inspection
- Rig Inspections
- Site safety Inspections
- Safety Program Implementation
- Refinery turn around projects
- Wind Energy specific site safety
- Risk Assessment and corrective actions
- Incident Case Management
- Return to work programs
- Hazard Identification
- Process Safety Management
- Job Hazard Analysis

WE PROVIDE KNOW-HOW

No task is too large an under taking when the right professionals placed in the right spot.

No other consulting group has more experience in completion design and frac execution in more areas of the world than the professionals on our team.
